

Mad Science Earth Day Events

We Bring FUN Science to You!!

Dirt on Garbage Event

Learn about the effect you have on the environment around you. How long do things take to decompose? What happens to our lakes when we pollute? How can we improve our environment? Get the answers to these questions and more in a highly interactive event suitable for groups of any size!

Optional acid rain tester take home also available.

\$400 / event non-profit price

\$450 / event for-profit price

Acid rain tester - \$25 / 100 take homes

Earth Day is April 22!

Availability is limited so call now to schedule your Earth Day Event!

Take-home tables

Take-home tables include something for students to take home as well as a demonstration on the science behind them!

- Sun bead keychains to test for UV light
\$200 for 1st hour / \$50 each additional hour + \$1 / take home
- Acid-rain tester
\$200 for 1st hour / \$50 each additional hour + \$25 / 100 take homes

Demonstration Tables

Demonstration tables have hands-on science activities that the students can participate in

- How a landfill is designed and how water moves through landfills
- Cleaning up an oil spill
- Solar Power
- Wind Power
- Food Webs

\$200 for 1st hour / \$50 each additional hour

Workshops

Workshops are hour-long interactive science programs designed for up to 25 students. Take-home activities are included with all programs!

- Dirt on Garbage Workshop
- Ecosystem Explorations
- Bugs!
- All About Animals

\$200 for up to 25 students
